Dr Ahmad Zaharin Aris

Associate Professor, Department of Environmental Sciences, FES, UPM

Dr Ahmad Zaharin, is currently the Head of Environmental Forensics Research Centre (ENFORCE) at UPM. He obtained his BSc (Hons) degree in 2005 in Environmental Science from Universiti Malaysia Sabah (UMS). He continued to study Groundwater Hydrochemistry at the same university. At the age of 25, he received his PhD degree and to date, he is the youngest PhD recipient at UMS and also one of the youngest in Malaysia.

Loyola DSilva, PhD

Publishing Editor, Springer

Loyola DSilva is a Publishing Editor for Science and Engineering at Springer Singapore. He covers Physics, Biophysics, Bioengineering, Astronomy, Computational Intelligence/Cognitive Science, Energy, Geophysics, Environmental Sciences, Biomedical Physics, Civil Engineering, to name a few. His role is to reach out to potential authors and establish an author network in South East Asia, Australia and New Zealand for publishing activities in Science, Engineering and related fields.

James Mercer

Regional Sales Director South East Asia & Oceania, Springer

James has worked in publishing in commercial roles for 15 years following graduation from the University of Leeds, UK in Philosophy. He is responsible for Springer's sales in South East Asia and Oceania and has been instrumental in helping customers in Australia and New Zealand provide greater access to eBooks over the last 5 years.

Saw Luan, Chua

Regional Sales Director, South East Asia, Springer

Saw Luan joined Springer's South East Asian office in July 2005 and was directly responsible for the frontline sales activities of all Springer product lines in Malaysia, Brunei and Indonesia. She expanded her sales responsibility for South East Asia region in year 2011.
