## ANIMAL & HUMAN ETHICS IN RESEARCH

Tuesday / 15<sup>th</sup> April 2014 / 2.30 p.m. – 4.00 p.m. / Prof. Madga Dr. Abdul Rahim Abdul Matalib / Main Lecture Hall, Faculty of Biotechnology 1

Given UPM's reputation and history of being the premier destination in Malaysia for agricultural and veterinary research, this workshop on the ethics of scientific testing on humans and animals is absolutely essential. Topics addressed in the workshop will include the basic principles of human and animal welfare and costs and benefits of procedures involving live human and animal subjects—particularly in terms of whether a given study can be deemed significant enough that it warrants some form of harm being committed upon these subjects.

All fees must be fully paid before commencement of the course. Otherwise, participants will not be allowed to enter the lecture hall. Students can register for the courses by email: [putrasarjana2014@gmail.com](mailto:putrasarjana2014@gmail.com) or at Putra Sarjana Office, SGS 2, UPM or contact Mr. Mohd Fariq Ismail.

**YOU CAN ALSO PROMOTE THIS PROGRAMME TO YOUR FRIENDS IN AND OUTSIDE THE UNIVERSITY!**
