DR. NOR YASMIN BINTI ABD RAHAMAN

Senior Lecturer

Department of Veterinary Laboratory Diagnosis,

Faculty of Veterinary Medicine,

Universiti Putra Malaysia

43400 UPM Serdang,

Selangor

+603-86093473/ +6017-3537341

Dr Nor Yasmin graduated as Doctor of Veterinary Medicine (DV.M.) in 2010 and PhD in Virology in year 2015 from Universiti Putra Malaysia (UPM). She joined UPM as senior lecturer in year 2015 in the Department of Veterinary Laboratory Diagnosis, Faculty of Veterinary Medicine, UPM. As an academician, she teaches under graduate and post graduate students in the field of veterinary virology. Her research focused on the identification of host cell proteins that are essential for chicken virus biology and actively doing research of West Nile Virus in various species of animals and mosquitoes in Malaysia. She is a coordinator for virology laboratory and hold a position as Biosafety officer at the faculty level. She has awarded as registered biosafety professional by Malaysian Biosafety and Biosecurity Association (MBBA) and had received multiple series of advanced biosafety and biosecurity training organized by bio-engagement program under US Department of Defense and The Netherlands National Institute for Public Health and Environment. She currently is participating in the development of policies and procedures for university biosafety and biosecurity committee and actively deliver training and talks pertaining to biosafety and biosecurity at the national and university level.
